

## EDUCATION

|                    |                                            |                                                                                           |
|--------------------|--------------------------------------------|-------------------------------------------------------------------------------------------|
| 2019 - now<br>2020 | University of California, Los Angeles      | Ph.D. in Psychology (Computational Cognition)<br>M.A.                                     |
| 2013 - 2015        | University of Michigan, Ann Arbor          | B.S. with Honors<br>Majors: 1 Computer Science, 2 Biopsychology, Cognition & Neuroscience |
| 2012 - 2013        | University of Minnesota (Exchange Program) |                                                                                           |
| 2010 - 2012        | Beijing Normal University (Transferred)    |                                                                                           |

## AWARDS, FELLOWSHIPS & HONORS

|             |                                                                                     |
|-------------|-------------------------------------------------------------------------------------|
| 2024        | Charles E. and Sue K. Young Graduate Student Fellowship Award (UCLA)                |
| 2024        | Dissertation Year Award (UCLA)                                                      |
| 2022        | Division Recognition Award (Intel Labs)                                             |
| 2022        | CVPR Best Demo Award <sup>†</sup>                                                   |
| 2022        | CVPR Travel Award                                                                   |
| 2022        | Liu Yunghuo Bei Qui Memorial Fellowship (UCLA)                                      |
| 2021        | Harold H. Kelley Award for Best Basic Research Paper (UCLA Psychology) <sup>‡</sup> |
| 2020        | Debug 2020 Summit Scholarship                                                       |
| 2020        | Grace Hopper Celebration Scholarship                                                |
| 2019        | NeurIPS Travel Award                                                                |
| 2019        | Methods in Neuroscience at Dartmouth (MIND) Computational Summer School Fellow      |
| 2015        | LSA Honors Grants for Research, Travel, and Special Projects (Univ. of Michigan)    |
| 2013 - 2015 | University Honors (Univ. of Michigan)                                               |
| 2012 - 2013 | Dean's List (Univ. of Minnesota)                                                    |
| 2012        | Study Abroad Foundation Scholarship                                                 |

## PUBLICATIONS

\* Equal contributions

- Tang, J., **Du, M.**, Vo, V. A., Lal, V., Huth, A. G. (2023). Brain encoding models based on multimodal transformers can transfer across language and vision. *Advances in Neural Information Processing Systems (NeurIPS)*.
- Baek, E., Hyon, R., Lopez, K., **Du, M.**, Porter, M., Parkinson, C. (2023). Lonely individuals process the world in idiosyncratic ways. *Psychological Science*.
- <sup>†</sup> **Du, M.\***, Aflalo, E.\*, Tseng, S. Y., Liu, Y., Wu, C., Duan, N., & Lal, V. (2022). VL-InterpreT: an interactive visualization tool for interpreting vision-language transformers. *Proceedings of the IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR)*.

## PUBLICATIONS (cont.)

- Du, M.\***, Schwyck, M. E.\*, Li, Y., Chang, L. J., Parkinson, C. (2022). Similarity among friends serves as a social prior: the assumption that "birds of a feather flock together" shapes social decisions and relationship beliefs. *Personality and Social Psychology Bulletin*.
- Schwyck, M. E., **Du, M.**, Natarajan, P., Chwe, J. A., & Parkinson, C. (2022). Neural encoding of novel social networks: evidence that perceivers prioritize others' centrality. *Social Cognitive and Affective Neuroscience*.
- Du, M.**, Parkinson, C. (2021). Navigating social knowledge. *Nature Neuroscience*, 24(9), 1195-1197.
- ‡ **Du, M.**, Basyouni, R., Parkinson, C. (2021). How does the brain navigate knowledge of social relations? Testing for shared neural mechanisms for shifting attention in space and social knowledge. *NeuroImage*.
- Parkinson, C., & **Du, M.** (2020). How does the brain Infer hidden social structures?. *Trends in Cognitive Sciences*.
- Lieberman, M. D., Straccia, M. A., Meyer, M. L., **Du, M.** & Tan, K. M. (2019). Social, self, (situational), and affective processes in medial prefrontal cortex (MPFC): Causal, multivariate, and reverse inference evidence. *Neuroscience & Biobehavioral Reviews*.

## PREPRINTS & FORTHCOMING

- Schwyck, M. E., **Du, M.**, Parkinson, C. (in revision). The role of one's own social network position in learning new networks: Brokerage is associated with better network learning. *OSF Preprint*.
- Du, M.**, Blank, I., Parkinson, C. (in prep). Decoding Social Cognition: Emerging Insights from Artificial and Biological Neural Networks.

## TEACHING & SERVICE

### 2021 - 2024 Ad-hoc Reviewer

Nature Communications, Journal of Neuroscience, PLOS Biology, Scientific Reports, Social Cognitive and Affective Neuroscience, Neuropsychologia, Neuroscience, Oxford Open Neuroscience, STAR Protocols

### 2023 - 2024 Workshop Paper Reviewer

Women in Machine Learning Workshop (NeurIPS 2023, NeurIPS 2024), New In ML Workshop (NeurIPS 2023), ICLR 2024 Workshop on Representational Alignment

2022 **Panelist** Grad Panel: PhD Internships in the Tech Industry (UCLA Psychology)

2021 **Teaching Assistant / Guest Lecturer** Psych 137: Neuroscience of Social Perception (UCLA)

2020 **Panelist** ACM AI Undergraduate Research Panel (UCLA)

2020 **Teaching Assistant** Computational Neuroscience Course (Neuromatch Academy)

2020 **Teaching Assistant** Psych 10: Introductory Psychology (UCLA)

2019 **Women in Machine Learning (WiML) Workshop Volunteer** NeurIPS 2019

2016 **Computer Science Tutor** University of Michigan
